

# Ducklings newsletter

Summer2018

We have been very busy preparing and planting the squares in our EYFS garden. The children have been very busy clearing out the patches, putting down new compost, planting and watering. We have planted beans, tomatoes, herbs, wildflowers, colourful grass, flowers and blueberry trees! The children are very good at remembering to water the plants and looking after all the mini-beasts they have come across. We're excited to see how everything grows. Please do come and have a look at all their hard work, it looks fantastic!

This term we are learning all about 'On the farm'. We have been making our favourite animals to go on our display board in our classroom. We have been talking about farm animals and what foods grow on farms. We had some fruits and vegetables to touch and taste and we even tried some vegetable soup. We will be organising a farm themed picnic towards the end of the term.

We have started the 'Read, Write, Inc' programme for phonics. We are covering one sound per week, learning the sound and how to form the letter correctly when writing. Each sound has its own little ditty to help remember how to write it. The sound of the week is displayed above the screen in the classroom. Ask your child which sounds they can remember.

Don't forget to keep up to date with everything that your child does in Ducklings by logging on to Tapestry. If you need an updated log in, please just let us know.
