

TAPESTRY

ONLINE LEARNING JOURNAL

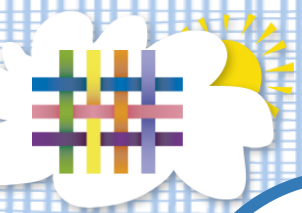

What Is Tapestry?

- An Online learning journal system.
- Staff record children's progress and activities using tablet devices and PCs.
- Parents can view their child's journal on mobile devices and on their home computers, and can make observations of their own using a secure login system.

Why Are We Using Tapestry?

- It creates a two way communication between us (the EYFS team), and you (the parents and carers).
- It reduces the amount of letters we need to send (ECO friendly)
- We can upload flexible media meaning you can see pictures and videos of what your child is really up to at school.
- Greater opportunities to extend your child's learning at home – you can view what your child is currently working on and next steps and support them at home.
- Unlike a physical, hard copy book, it's easy to share with the child's relatives (although please do not share photo's or video's on social media).

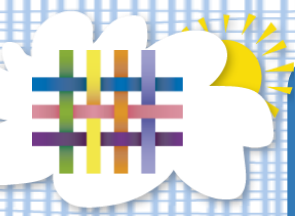

How Does It Work?

- Photos, videos and observations are uploaded to Tapestry.
- It is accessed via the Android/iOS app or the Tapestry website.
- It enables you to like and/or comment on observations and make your own observations so you can show us what your child is doing outside the school day – weekend trips, exciting learning opportunities, trip to the shops etc.

How Is The Data Protected?

- A password is required to access Tapestry, and parents can only view observations of their own children.
- Hosted on secure cloud servers within the EU.
- Tapestry uses the same encryption as online banking.
- Data is stored separately for each school.
- At the end of the academic year we delete your child's account off the system (but you have the chance to purchase a memory stick which will have a copy of all the observations on for you to keep)

What Does It Look Like on the Computer?

Type in the email address you provided to the school and the unique password you have made up.

Notes

Thank you to all those who came to one of the RWI and reading meetings yesterday, it was lovely to see so many of you, if you were unable to attend, all the information is on our website under the Phonics, Spelling and Reading section - hopefully I have attached the link below.

<http://springfieldschool.co.uk/phonics-and-reading/>

If you have any questions please either come and find me or send a message through on Tapestry.

We have a Tapestry meeting on Monday for any parents who are currently experiencing problems with Tapestry need help adding your own posts to Tapestry or generally want some support with the system I will be holding a short meeting on Monday at 9am.

Finding number 1

29 Sep 2019 12:36 PM by Claire Byford

Today Fred found a number one on his game. He also recognised number 4 and thinks this may be the number of the week next week!

Title *

Finding number 0

Notes

At the weekend Fred found 0 in lots of places. He found one on the clock, one on a car number plate and one on the remote control. Fred noticed that there was a 0 in the number 10.

What Does It Look Like on the App?

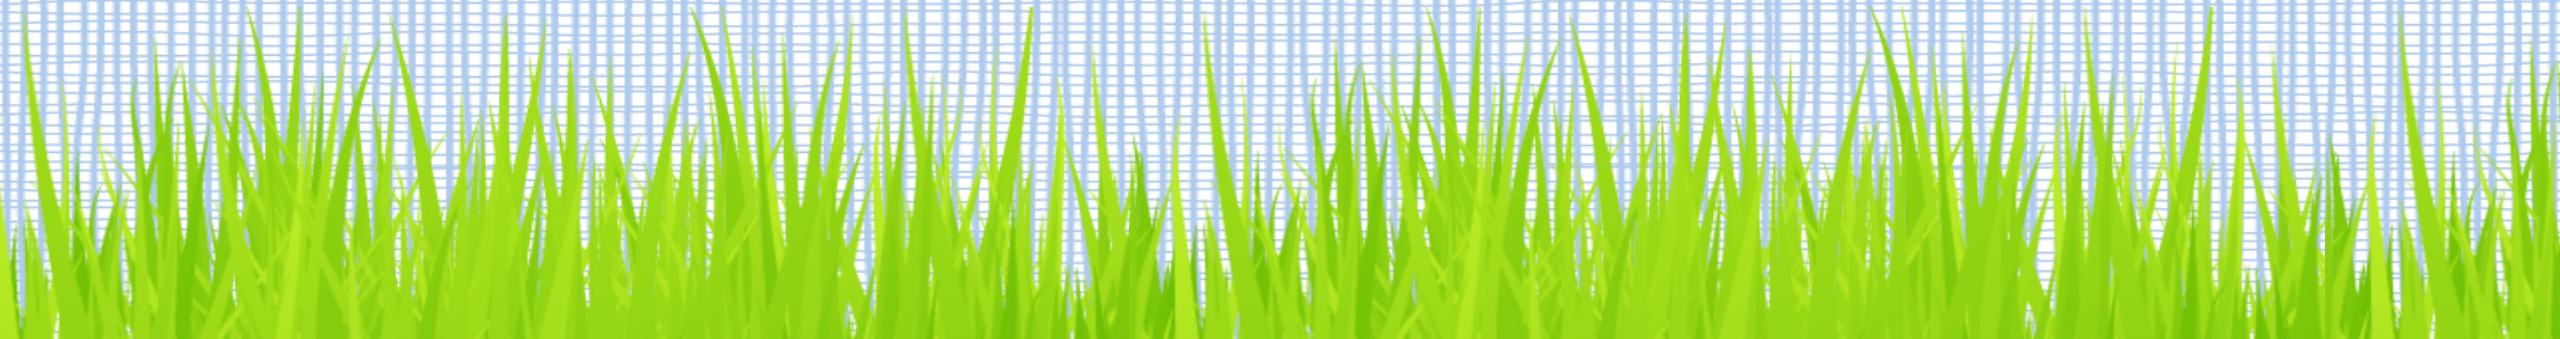

What to do next?

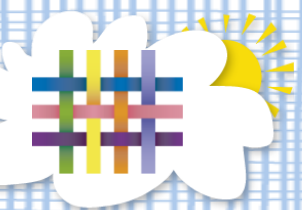

- We would ask that you look at Tapestry daily to check for specific observations sent to you about your child, group observations or whole class information posts e.g. number of the week/letter of the day/asking you to post something for the learning the week ahead.
- Please like each post sent to you by pressing *like* or the little  Like · 10 Likes
This shows us you have seen the post.
- Make comments on posts if you wish.

What to do next?

- We love to see what your child has been doing at home. This may be related to learning your child has done at school (finding *m* on a sign), major mile stones your child has completed at home (riding their bike without stabilisers) or weekend activities you or your child would like to share.

If you have any questions, please either send a message on Tapestry, speak to us before or after school or email the school office and we will respond as soon as possible.
